We can help you!

CLF International is a service of the Church of the Larger Fellowship (CLF), Unitarian Universalist. Since the resources are all online, small groups from all over the world can take advantage of the CLF's many years of experience working with small groups in the U.S.

We couldn't get along without all the worship materials you sent. We use all of it... We actually have done two memorial services using the Handbook of Religious Services.

South Carolina

We are very grateful for the CLF International service. It really has made it easier to schedule lay-led services, and has helped them to be of a higher quality.

New Jersey

Having these easily available sermons is a real help and is making it possible to increase the number of Sundays we meet.

Ontario, Canada
